Implementation of the EU-Ukraine action plan: problems and prospects

Success of Ukraine's European integration policy should be measured by the quality of change in the country

European integration is a two way street

“Golden key” to the EU's doors is in our hands

Ukraine-EU: from cooperation to integration

We should consistently pursue integration

We should introduce European standards into our socio-economic sphere

Ukraine-EU action plan is Ukraine's road to the European educational and scientific space

9. **Public Monitoring of the Ukraine-EU Action Plan Implementation: Preliminary Assessments.** – National Security and Defence. - #2. – 2007. -

http://razumkov.org.ua/uploads/journal/eng/NSD86_2007_eng.pdf

Unity of the nation around the idea of attainment of the European criteria – such is our formula of the European integration

From the policy of declarative statements to pragmatic cooperation on the basis of benevolent partnership

Ukraine is to implement the action plan with utmost devotion and effectiveness

Customs and trans-border cooperation measures of the Ukraine-EU action plan are being implemented in full

To create all conditions to draw a European future closer to Ukrainians

The EU is interested in deeper trade and economic relations with Ukraine

10. **Ukraine-EU: towards a new phase of cooperation.** – National Security and Defence Magazine. - #5. – 2007. - http://razumkov.org.ua/uploads/journal/eng/NSD89_2007_eng.pdf

Ukraine-EU: from the action plan to an enhanced agreement

Results of the action plan implementation are to be used in the design of a new format of Ukraine's relations with the European Union

Settlement of the political crisis in Ukraine is a precondition for deeper relations with the European Union

Ukraine-EU relations will progress along with introduction of principles of the rule of law in Ukraine

In relations with the European Union, Ukraine should more resolutely defend its national interests

Ukraine's integration with the EU requires everyday work and faith that the goal can be attained

Ukraine is interested in full implementation of the action plan

Ensuring public support for European countries' accession to the EU and NATO: experience of information campaigns

Information support for the European and Euro-Atlantic integration of Ukraine proposals

Ukraine needs a systematic approach to problem solving in the information sector for further establishment as a truly democratic state

Information should be unbiased, comprehensible, promote discussion and cover all regions of Ukraine

State structures pay insufficient attention to these issues

Lessons from previous practice of information have been learned, the first steps are being made to raise its effectiveness

Present practice of public information should be furthered and stepped up

To deliver information on the EU and NATO, to explain the effects of strengthening cooperation with those structures
